They Shoot Canoes, Don't They? Sep 02 2022 With tongue pressed firmly in cheek and a gentle but penetrating eye for human foibles, Patrick F. McManus celebrates the hidden pleasures, unappreciated lore, and opportunities for disaster to be found in the recreations of camping, hunting, and fishing in his hilarious collection *They Shoot Canoes, Don't They?* Gathered here for the reader's edification are such treasures as the true but little known story of the discovery of the efficacy of live bait by Genghis Khan's chef, an examination of the precarious and perhaps fanatical expertise required for ice fishing, and a consideration of the circumstances that can cause a deer to ride a bicycle. Among additional topics explored are *The Crouch Hop and Other Useful Outdoor Steps*, *The Sensuous Angler*, and *Psychic Powers for Outdoorsmen*. Included, too, is *The Hunter's Dictionary*, an invaluable lexicon that helps the novice sportsman understand such arcane terminology as "Oooooooooo-ah-ah-ah! (If there's one thing I hate, it's putting on cold, wet pants in the morning)" and "Baff mast pime ig bead feas mid miff pife! (That's the last time I try to eat peas in the dark with my hunting knife!)" The author's appreciation of outdoor life began in his early boyhood, when he absorbed a wealth of improbable information imparted by the old woodsman Rancid Crabtree, "who bathed only on leap years." Young McManus also enjoyed special adventures with his ill-remembered sidekick, Retch Sweeney, and another boon companion of days gone by, the loquacious family dog, Strange, whose exploits as a hunter were limited to assaulting stray chickens and on one memorable occasion a skunk. "McManus here follows up *A Fine and Pleasant Misery* with a collection of sketches that launches him into the front ranks of outdoor humorists."—Library Journal

Teddy: Her Book Oct 30 2019 The five McAlisters were gathered in the dining-room, one rainy night in late August. In view of the respective dimensions of the family circle and the family income, servants were few in the McAlister household, and division of labor was the order of the day. Old Susan had cleared away the table and brought in the lamp; then she retired to the kitchen, leaving the young people to themselves. Hope was darning stockings. She had one of Hubert's socks drawn on over her hand, which showed, white and dainty, through the great, ragged hole. Hubert sat near her with little Allyn on his knee, tiding over a crisis in the young man's temper by showing him pictures in the dilapidated Mother Goose which had done duty for successive McAlisters, from seventeen-year-old Hope down. "Stop kicking brother," he commanded, as Allyn lifted up his voice and his heels in vigorous protest against things in general, and the approach of the sandman in particular. "Listen, Allyn,-'There was a little man, And he had a little gun, And his bullets were made of lead, lead, lead.'"

The 9.9 Percent Dec 01 2019 A "brilliant" (*The Washington Post*), "clear-eyed and incisive" (*The New Republic*) analysis of how the wealthiest group in American society is making life miserable for everyone—including themselves. In 21st-century America, the top 0.1% of the wealth distribution have walked away with the big prizes even while the bottom 90% have lost ground. What's left of the American Dream has taken refuge in the 9.9% that lies just below the tip of extreme wealth. Collectively, the members of this group control more than half of the wealth in the country—and they are doing whatever it takes to hang on to their piece of the action in an increasingly unjust system. They log insane hours at the office and then turn their leisure time into an excuse for more career-building, even as they rely on an underpaid servant class to power their economic success and satisfy their personal needs. They have segregated themselves into zip codes designed to exclude as many people as possible. They have made fitness a national obsession even as swaths of the population lose healthcare and grow sicker. They have created an unprecedented demand for admission to elite schools and helped to fuel the dramatic cost of higher education. They channel their political energy into symbolic conflicts over identity in order to avoid acknowledging the economic roots of their privilege. And they have created an ethos of "merit" to justify their advantages. They are all around us. In fact, they are us—or what we are supposed to want to be. In this "captivating account" (Robert D. Putnam, author of *Bowling Alone*), Matthew Stewart argues that a new aristocracy is emerging in American society and it is repeating the mistakes of history. It is entrenching inequality, warping our culture, eroding democracy, and transforming an abundant economy into a source of misery. He calls for a regrouping of American culture and politics on a foundation closer to the original promise of America.

Other stories include: "Catch-and-Eaters," about the importance of a forked stick when fishing. So pull up a chair, sit back, and enjoy the adventures of Patrick F. McManus as only he can tell them. "Everybody should read Patrick McManus." —*The New York Times Book Review*

The Night of the Gun Dec 13 2020 David Carr was an addict for more than twenty years -- first dope, then coke, then finally crack -- before the prospect of losing his newborn twins made him sober up in a bid to win custody from their crack-dealer mother. Once recovered, he found that his recollection of his 'lost' years differed -- sometimes radically

-- from that of his family and friends. The night, for example, his best friend pulled a gun on him. 'No,' said the friend (to David's horror, as a lifelong pacifist), 'It was you that had the gun.' Using all his skills as an investigative reporter, he set out to research his own life, interviewing everyone from his parents and his ex-partners to the policemen who arrested him, the doctors who treated him and the lawyers who fought to prove he was fit to have custody of his kids. Unflinchingly honest and beautifully written, the result is both a shocking account of the depths of addiction and a fascinating examination of how -- and why -- our memories deceive us. As David says, we remember the stories we can live with, not the ones that happened.

A Fine and Pleasant Misery Jun 26 2019 "A hilarious compilation" (Los Angeles Times), *A Fine and Pleasant Misery* gathers twenty-seven witty, cautionary tales of the outdoor life from beloved humorist Patrick F. McManus in a collection edited and introduced by Jack Samson, long-time editor-in-chief of *Field & Stream*. The great outdoors have never been rendered as hysterically as in the reminiscences—true and exaggerated—of Patrick F. McManus. If you're thinking about getting back to nature, the surreal adventures chronicled here will make you think twice about giving it all up for a life of camping, hiking, and hunting.

The Bear in the Attic Jan 26 2022 The beloved humorist and bestselling author returns with his most riotous collection of essays to date. Overflowing with his trademark outdoorsman's wit, Patrick F. McManus's newest collection ponders the strange allure of the RV, the existential implications of being lost, the baffling tendency of animals to outsmart those who wish to hunt them, and the singular pleasure of doubling the size of every fish one doesn't actually catch. Combining the curmudgeonly voice of Dave Barry and the sly humor of Garrison Keillor, McManus brilliantly captures the everyday absurdities that comprise our existence. Alongside his humor, McManus's inimitable vision consistently evokes a childlike wonder at the natural world. Even if we are running low on food, the compass is broken, and we are fairly certain we have just spotted a family of Sasquatches frolicking in the treetops, *The Bear in the Attic* makes the outdoors seem irresistible.

If You Didn't Bring Jerky, What Did I Just Eat? May 06 2020 A hilarious collection of essays dedicated to life in the great outdoors from *Field & Stream*'s acclaimed *Sportsman's Life* columnist. For nearly a decade, Bill Heavey, an outdoorsman marooned in suburbia, has written the *Sportsman's Life* column on the back page of *Field & Stream*, where he does for hunting and fishing what David Feherty does for golf and Lewis Grizzard did for the South. *If You Didn't Bring Jerky, What Did I Just Eat?* is the first collection of Heavey's sidesplitting observations on life as a hardcore (but often hapless) outdoorsman. Whether he's hunting cougars in the desert, scheming to make his five-year-old daughter love fishing, or chronicling his father's life through a succession of canine companions, Heavey brings his trademark wit to a wide-range of outdoor enthusiasms, running the gamut from elite expeditions to ordinary occupations. In turns hysterical and poignant, entertaining and educational, this is an irresistible addition to the collection of any avid outdoorsman—or any suburbanite intrigued by the call of the wild.

Spoon River America Jul 08 2020 From *Main Street* to *Stranger Things*, how poetry changed our idea of small town life A literary and cultural milestone, *Spoon River Anthology* captured an idea of the rural Midwest that became a bedrock myth of life in small-town America. Jason Stacy places the book within the atmosphere of its time and follows its progress as the poetry took root and thrived. Published by Edgar Lee Masters in 1915, *Spoon River Anthology* won praise from modernists while becoming an ongoing touchstone for American popular culture. Stacy charts the ways readers embraced, debated, and reshaped Masters's work in literary controversies and culture war skirmishes; in films and other media that over time saw the small town as idyllic then conflicted then surreal; and as the source of three archetypes—populist, elite, and exile—that endure across the landscape of American culture in the twenty-first century. A wide-ranging reconsideration of a literary landmark, *Spoon River America* tells the story of how a Midwesterner's poetry helped change a nation's conception of itself.
