*Fatwa* Sep 10 2020 Jacky was twenty-three when she arrived in Egypt for a holiday with her boyfriend, Dave. Little did she know that an innocent holiday would result in a horror beyond her imagination. Separated from Dave in a bustling street, Jacky fell and twisted her ankle, only to be swept up by a handsome, chivalrous Egyptian called Omar. It was love at first sight. Jacky spent those ten days living with the family - sharing a bed with Omar's sister - irresistibly attracted to Omar. Swept away by her infatuation she married him and converted to Islam before returning to England to her parents. Returning to Cairo against her parents' advice but full of hopes and plans, Jacky's dream turned into a nightmare. As a blue-eyed blonde she was never going to fit in with life in a poor suburb where the women walked at all times with their heads bowed. During the next eight years she suffered non-stop physical and emotional abuse. She had to escape with her two little girls but how? This tense story never quite ends. Even now, Jacky is living in the shadow of a death threat. A fatwa is issued legitimately under Islamic law to a Muslim woman who leaves her husband. Jacky to protect herself and her daughters minute by minute, day by day, never quite sure what may be around the corner...

*Ruled Britannia* Jul 29 2019 The year is 1597. For nearly a decade, the island of Britain has been under the rule of King Philip in the name of Spain. The citizenry live under an enforced curfew—and in fear of the Inquisition's agents, who put heretics to the torch in public displays. And with Queen Elizabeth imprisoned in the Tower of London, the British have no symbol to unite them against the enemy who occupies their land. William Shakespeare has no interest in politics. His passion is writing for the theatre, where his words bring laughter and tears to a populace afraid to speak out against the tyranny of the Spanish crown. But now Shakespeare is given an opportunity to pen his greatest work—a drama that will incite the people of Britain to rise against their persecutors—and change the course of history.

**Research on Old French: The State of the Art** Jan 27 2022 The present volume presents scholarly study into Old French as it is practiced today, in all of its forms, within a variety of theoretical frameworks, from Optimality Theory to Minimalism to Discourse Analysis. Many of the chapters are corpus-based, reflecting a new trend in the field, as more electronic corpora become available. The chapters contribute to our understanding of both the synchronic state and diachronic evolution, not only of Old French, but of language in general. Its breadth is extensive in that contributors pursue research on a wide variety of topics in Old French focusing on the various subsystems of language. All examples are carefully glossed and the relevant characteristics of Old French are clearly explained, which makes it uniquely accessible to non-specialists and linguists at all levels of training. ?

**Nominal Apposition in Indo-European** Apr 29 2022 Nominal apposition—the combining of two equivalent nouns—has been a neglected topic in linguistics, despite its prominence in

syntax and morphology in some languages. This book presents an extensive comparative and diachronic analysis of nominal apposition in Indo-European, examining its occurrence, characteristics and functions in early languages, identifying parallels with similar phenomena elsewhere, and tracing its evolution in Latin-Romance.

**The Discourse of Modernism** Sep 30 2019 Timothy J. Reiss perceives a new mode of discourse emerging in early seventeenth-century Europe; he believes that this form of thought, still our own, may itself soon be giving way. In *The Discourse of Modernism*, Reiss sets up a theoretical model to describe the process by which one dominant class of discourse is replaced by another. He seeks to demonstrate that each new mode does not constitute a radical break from the past but in fact develops directly from its predecessor.

Attached to my letter is a copy of my CV and his death certificate. *Crap CVs* is a hilarious compilation of the worst job applications imaginable, including overly-honest cover letters, embarrassing typos, mortifying personal revelations, awkward interview questions, misplaced self-confidence, self-aggrandizing gibberish, blatant truth-twisting and, of course, outright lies.

**The Medieval Salento** Dec 14 2020 Located in the heel of the Italian boot, the Salento region was home to a diverse population between the ninth and fifteenth centuries. Inhabitants spoke Latin, Greek, and various vernaculars, and their houses of worship served sizable congregations of Jews as well as Roman-rite and Orthodox Christians. Yet the Salentines of this period laid claim to a definable local identity that transcended linguistic and religious boundaries. The evidence of their collective culture is embedded in the traces they left behind: wall paintings and inscriptions, graffiti, carved tombstone decorations, belt fittings from graves, and other artifacts reveal a wide range of religious, civic, and domestic practices that helped inhabitants construct and maintain personal, group, and regional identities. *The Medieval Salento* allows the reader to explore the visual and material culture of a people using a database of over three hundred texts and images, indexed by site. Linda Safran draws from art history, archaeology, anthropology, and ethnohistory to reconstruct medieval Salentine customs of naming, language, appearance, and status. She pays particular attention to Jewish and nonelite residents, whose lives in southern Italy have historically received little scholarly attention. This extraordinarily detailed visual analysis reveals how ethnic and religious identities can remain distinct even as they mingle to become

a regional culture.

Round the World in the Wrong Season Oct 12 2020 Round the World in the Wrong Season, by Eric T. Wiberg - Written between 1994 and 2009, is a memoir of global travel and an unfulfilled college crush. The book follows the narrator out of school and across the Pacific. At only 23 he has command of a 68-foot Burmese-teak ketch built in Scotland thrust upon him. The owner is on a voyage home to his death, and along the way they hire sailors twice the skipper's age. They makes it to New Zealand in a storm which sinks seven yachts, then spends months shearing sheep and writing a memoir. By the time the narrator makes a rendezvous with his college sweetheart (who has been teaching Thai students on the Burmese border), she seems to have all but forgotten him. This leads to a less than satisfactory denouement and puts at least one of them in the hospital. The book includes extensive photographs and hand-drawn charts and a detailed bibliography. It is over 400 pages in length, perfect bound in cloth. More [www.wrongseason.net](http://www.wrongseason.net) and [www.ericwiberg.com](http://www.ericwiberg.com)

*Brunswick and Topsham* Jun 19 2021 Since the development of photography in the mid-nineteenth century, the camera has been used as a tool of both discovery and preservation. Photographs bring alive our picture of the past and can open a floodgate of memories and nostalgia or inspire curiosity and a sense of history. Both joined and separated by the Androscoggin River, Brunswick and Topsham were carved from the same land grant in 1715. Despite their proximity, the towns developed separate identities: Brunswick became a manufacturing, commercial, and educational center, while Topsham combined its farms with factories. This fascinating pictorial history illuminates the daily lives of the residents of the two towns, and reveals how life has changed over the past 120 years.

*In Battle for Peace* Jan 03 2020 W. E. B. Du Bois was a public intellectual, sociologist, and activist on behalf of the African American community. He profoundly shaped black political culture in the United States through his founding role in the NAACP, as well as internationally

through the Pan-African movement. Du Bois's sociological and historical research on African-American communities and culture broke ground in many areas, including the history of the post-Civil War Reconstruction period. Du Bois was also a prolific author of novels, autobiographical accounts, innumerable editorials and journalistic pieces, and several works of history. One of the most neglected and obscure books by W. E. B. Du Bois, *In Battle for Peace* frankly documents Du Bois's experiences following his attempts to mobilize Americans against the emerging conflict between the United States and the Soviet Union. A victim of McCarthyism, Du Bois endured a humiliating trial-he was later acquitted-and faced political persecution for over a decade. Part autobiography and part political statement, *In Battle for Peace* remains today a powerful analysis of race in America. With a series introduction by editor Henry Louis Gates, Jr., and an introduction by Manning Marable, this edition is essential for anyone interested in African American history.
