Start-up Nation Jul 01 2022
START-UP NATION addresses the trillion dollar question: How is it that Israel-- a country of 7.1 million, only 60 years old, surrounded by enemies, in a constant state of war since its founding, with no natural resources-- produces more start-up companies than large, peaceful, and stable nations like Japan, China, India, Korea, Canada and the UK? With the savvy of foreign policy insiders, Senor and Singer examine the lessons of the country's adversity-driven culture, which flattens hierarchy and elevates informality-- all backed up by government policies focused on innovation. In a world where economies as diverse as

Ireland, Singapore and Dubai have tried to re-create the "Israel effect", there are entrepreneurial lessons well worth noting. As America reboots its own economy and can-do spirit, there's never been a better time to look at this remarkable and resilient nation for some impressive, surprising clues.

James Joyce and the Burden of Disease Apr 05 2020 James Joyce's near blindness, his peculiar gait, and his death from perforated ulcers are commonplace knowledge to most of his readers. But until now, most Joyce scholars have not recognized that these symptoms point to a diagnosis

of syphilis. Kathleen Ferris traces Joyce's medical history as described in his correspondence, in the diaries of his brother Stanislaus, and in the memoirs of his acquaintances, to show that many of his symptoms match those of tabes dorsalis, a form of neurosyphilis which, untreated, eventually leads to paralysis. Combining literary analysis and medical detection, Ferris builds a convincing case that this dread disease is the subject of much of Joyce's autobiographical writing. Many of this characters, most notably Stephen Dedalus and Leopold Bloom, exhibit the same symptoms as their creator: stiffness of gait, digestive problems, hallucinations, and impaired vision. Ferris also demonstrates that the themes of sin, guilt, and retribution so prevalent in Joyce's works are almost certainly a consequence of his having contracted venereal disease as a young man while frequenting the brothels of Dublin and Paris. By tracing the images, puns, and metaphors in *Ulysses* and

from-beirut-to-jerusalem-ang-swee-chai

Finnegans Wake, and by demonstrating their relationship to Joyce's experiences, Ferris shows the extent to which, for Joyce, art did indeed mirror life.

The Shroud Maker Sep 22

2021 Hajja Souad, an 80-year old Palestinian woman living on the besieged Gaza Strip, knows about business. She has survived decades of wars and oppression through making shrouds for the dead. A compelling black comedy that delves deep into the intimate life of ordinary Palestinians, the play weaves a highly distinctive path through Palestine's turbulent past and present. *The Shroud Maker* toured the UK as a one-woman comedy, with one female

actress playing all the roles, in the tradition of a Palestinian story-teller. The Shroud Maker was part of @70: Celebration of Contemporary Palestinian Culture, a week-long festival of theatre, dance, films and talks commemorating the Palestinian experience of dispossession and loss of a homeland. It weaves comic fantasy and satire with true stories told first hand to the writer, and offers a vivid portrait of Palestinian life in Gaza underscored with gallows humour.

Armed Struggle and the Search for State May 19 2021

This masterly new work spans an entire epoch in the history of the contemporary Palestinian national movement, from the establishment of Israel in mandate Palestine in 1948, to the PLO-Israel accord of 1993. Contrary to the conventional view that national liberation movements proceed with state-building only after attaining independence, the case of the PLO shows that state-building may shape political institutionalization

throughout the previous struggle, even in the absence of an autonomous territorial, economic, and social base. That is the central argument of this insightful study, which traces the political, ideological, and organizational evolution of the PLO and its constituent guerrilla groups. Taking the much-vaunted 'armed struggle' as its connecting theme, it shows how conflict was used to mobilize the mass constituency, assert particular discourses of revolution and nationalism, construct statist institutions, and establish the legitimacy of a new political class and bureaucratic elite. The book draws extensively on PLO archives, official publications and internal documents of the various guerilla groups, and over 400 interviews conducted by the author with the PLO rank-and-file. Its span, primary sources, and conceptual framework make this the definitive work on the subject.

The Leper King Oct 24 2021

The Leper King is a story of authentic history and

imaginative fantasy interwoven with faith and love, war and magic set amidst the turbulent times of the Crusades. Upon the premature death of his father, BALDWIN IV, stricken with leprosy from a young age, ascends to the throne of Jherusalem at the age of thirteen. Immediately, enemies threaten his reign as war looms with the great leader of Islam, SALEHDIN. Guided by his trusted friend and Chancellor, Archbishop WILLIAM of Tyre, the young leper sets out to prove himself worthy of the crown, despite the political intrigues of his own High Court. Among those at Court with whom he must contend are his recently returned mother, AGNES de Courtenay, a grasping woman of immoral character, and his sister, SIBYLLA, who comes to Court after spending most of her life shut away from the world in a convent to marry a Western lord against her will. Being a minor, Baldwin must submit to the Regency of his much older cousin, RAYMOND III of Tripoli; but the young king

chaffs beneath the Regents authority, longing to put it behind him so he can pursue his own course of action against the enemy. While Raymond continually argues for peace with the Muslims, Baldwin and the new lord of Kerak, REYNALD de Chtillon, hope to bring the Sarrazins to war before the sultans power grows too strong to push back. Unbeknownst to the king and the lords of Outremer, an old and secret cabal of heretic conspirators known only as the Order of Sion led by one, AMALRIC de Lusignan, that seeks to gain control of the kingdom. Their purpose is to proclaim a new form of Christianity with Jherusalem as its ecclesiastical seat of power in opposition to Rome and to crown a sacred king of their own making. That sacred king is none other than Amalrics brother, GUION de Lusignan, whom they claim is a blood descendant of Jhsu Christ. In this conspiracy, two influential men of the kingdom aid them: HERACLIUS, Archbishop of Caesarea and OTHON de Saint-

Amant, Master of the famed warrior-monks, the Knights Templar. Saint-Amant, however, is a deeply conflicted man who begins to question how Sion, and the secretive master he reluctantly follows, is manipulating him and his Order. With Agnes diseased son crowned king, it isnt long before Lusignan draws her into the intrigues of the conspiracy as well with the belief she can protect her son. Seeking divine guidance in the Church of the Holy Sepulcher in the aftermath of battle, Baldwin meets, by chance, an elderly woman who thanks him for a simple act of his kindness. He is astonished, though, when she casts aside her cloak and disguise, revealing to him that she is MARY MAGDALEN, a beautiful and immortal woman of Faerie who vows to guide and befriend him. Only later does she tell him that his leprosy is not the result of disease, but of a magic spell cast by an unseen enemy; a spell that not only devours the kings life, but also becomes the enemys own undoing. So

This is the story of Dr Ang Swee Chai, a Penang-born orthopaedic surgeon, and her flight to war-torn Lebanon in 1982 to treat the wounded and dying. This book, a quarter of a century after the massacre in Sabra and Shatila which killed thousands of Palestinian civilians, is a tribute to the ongoing struggle against occupation in the Holy Lands. This 25th anniversary edition also includes the writer's reflections on the Israeli attacks on Gaza in early 2009. *Tempo* Feb 13 2021

Life Full of Reading Feb 25

2022 A quite afternoon, a cozy chair, a warm cup of coffee, and a good book—these are the perfect description of moments that should be cherished in this short life. Carl Sagan once said that reading is magical, that it enables humans from different epoch to talk to each other; it is more than that. Reading is a gateway to imagination, a world without limit, a safe space to escape from enduring reality. Sometimes it is a space where you socialize without having to meet people. This book is a compilation of book reviews written over the years. The book was broken into two parts, the first part is the long reviews, the second part is the

short reviews, which covered a wide range of genre from economics, self-help, novels, comic book to political philosophy and parenting. *Qissat* Jul 21 2021 These fascinating and diverse stories reflect the everyday concerns of Palestinians living under occupation. Writers who were children during the first intifada appear alongside those who remember the outbreak of the Lebanese civil war. They offer compassionate, often critical, insight into their society in times of hardship and turmoil, drawing upon the warmth of human relations and the hope that better times will come. *Qissat* is a rare showcase of Palestinian women writers across generations and places, including Gaza, Ramallah, the United States and the Gulf. 'Raw and honest ... lyrical and beautifully written' -- Sunday Times 'Layered, haunting, sensuously rich' -- The Times 'In turn lyrical, sensuous, comic and ironic ... it is the quality of subtle, evocative writing here that makes *Qissat* remarkable.'

billions of people, yet they have been overshadowed in contemporary political thought by nation-states, identity groups, and concepts like justice and freedom. The Spirit of Cities revives the classical idea that a city expresses its own distinctive ethos or values. In the ancient world, Athens was synonymous with democracy and Sparta represented military discipline. In this original and engaging book, Daniel Bell and Avner de-Shalit explore how this classical idea can be applied to today's cities, and they explain why philosophy and the social sciences need to rediscover the spirit of cities. Bell and de-Shalit look at nine modern cities and the prevailing ethos that distinguishes each one. The cities are Jerusalem (religion), Montreal (language), Singapore (nation building), Hong Kong (materialism), Beijing (political power), Oxford (learning), Berlin (tolerance and intolerance), Paris (romance), and New York (ambition). Bell and de-Shalit draw upon the richly varied

histories of each city, as well as novels, poems, biographies, tourist guides, architectural landmarks, and the authors' own personal reflections and insights. They show how the ethos of each city is expressed in political, cultural, and economic life, and also how pride in a city's ethos can oppose the homogenizing tendencies of globalization and curb the excesses of nationalism. The Spirit of Cities is unreservedly impressionistic. Combining strolling and storytelling with cutting-edge theory, the book encourages debate and opens up new avenues of inquiry in philosophy and the social sciences. It is a must-read for lovers of cities everywhere. In a new preface, Bell and de-Shalit further develop their idea of "civicism," the pride city dwellers feel for their city and its ethos over that of others.

In Other Words Jun 07 2020 In Other Words has been the definitive coursebook for students studying translation for nearly three decades.

Assuming no knowledge of foreign languages, it offers a practical guide based on extensive research in areas as varied as lexis, grammar, pragmatics, semiotics and ethics. It thus provides a solid basis for training a new generation of well-informed, critical students of translation. Drawing on linguistic theory and social semiotics, the third edition of this best-selling text guides trainee translators through the variety of decisions they will have to make throughout their career. Each chapter offers an explanation of key concepts, identifies potential sources of translation difficulties related to those concepts and illustrates various strategies for resolving these difficulties. Authentic examples of translated texts from a wide variety of languages and genres are examined, and practical exercises and further reading are included at the end of each chapter. The third edition has been fully revised to reflect recent developments in the field and includes a new chapter that engages with the

interplay between verbal and visual elements in genres as varied as children's literature, comics, film, poetry and advertisements. This key text remains the essential coursebook for any student of translation studies.

The Palestinian Diaspora

Aug 29 2019 From the refugee camps of the Lebanon to the relative prosperity of life in the USA, the Palestinian diaspora has been dispersed across the world. In this pioneering study, Helena Lindholm Schulz examines the ways in which Palestinian identity has been formed in the diaspora through constant longing for a homeland lost. In so doing, the author advances the debate on the relationship between diaspora and the creation of national identity as well as on nationalist politics tied to a particular territory. But The Palestinian Diaspora also sheds light on the possibilities opened up by a transnational existence, the possibility of new, less territorialized identities, even in a diaspora as bound to the idea of an

idealized homeland as the Palestinian. Members of the diaspora form new lives in new settings and the idea of homeland becomes one important, but not the only, source of identity. Ultimately though, Schulz argues, the strong attachment to Palestine makes the diaspora crucial in any understandings of how to formulate a viable strategy for peace between Israelis and Palestinians.

Glory to God in the Lowest

Mar 29 2022 A personal, political, and religious journey from Evangelical Christian faith and conservative politics to solidarity with the poor and advocacy for anti-war, anti-racism, and Palestinian rights. After serving for five years as a pastor in a remarkable Black church, Donald Wagner comes to fully understand the original sin of racism. As his journey continues, he encounters another marginalized people—the Palestinians—and witnesses their struggle for justice and equality. Touched by their resilience and fight against injustice, he leaves the pastorate to assume full time work as an advocate for Palestinian political and human rights. The memoir begins in mid-September 1982, with a gut-wrenching day interviewing survivors of the Sabra-Shatila massacre in Lebanon, as they wept and waited for the bodies of family

members to be pulled from the rubble. Donald Wagner's conversation with the local Imam ended with a challenge: "You must return home and tell what you have seen. This is all we ask. Go back and tell the truth." Glory to God in the Lowest is a metaphor for his counter intuitive journey with the victims of the "chosen people" in the "unholy land," also called historic Palestine or Israel. The irony of the journey reminds us that God is everywhere especially with the disinherited, the victims of the powerful, including the victims of Israeli oppression. The memoir touches on history and includes political analysis and theological reflection. In it, Donald Wagner describes Israel's continued colonization and destruction of Palestinian lives and chronicles his involvement in a grassroots movement of resistance that demands justice based on full equality, an end to the Israeli military occupation and settler colonization project, the right of return for Palestinian refugees, and full political

rights for the Palestinian people. Filled with stories—some humorous and some shocking—as well as encounters with people of every race, gender, and religious affiliation working below the radar, this book will inspire, challenge, and offer a narrative that envisions a transformed “unholy land,” where justice, liberation, and equality for all is the reality for every citizen.

Many decades have passed since the Palestinian national movement began its political and military struggle. In that time, poignant memorials at massacre sites, a palimpsest of posters of young heroes and martyrs, sorrowful reminiscences about lost loved ones, and wistful images of young men and women who fought as guerrillas, have all flourished in Palestinian refugee camps in Lebanon and in the Occupied Palestinian Territories. Heroes and Martyrs of Palestine tells the story of how dispossessed Palestinians have commemorated their past, and how through their dynamic everyday narrations, their nation has been made even without the institutional memory-making of a state.
