History of the Language Sciences / Geschichte der Sprachwissenschaften / Histoire des sciences du langage. 1. Teilband Sep 02 2022 Writing in English, German, or French, more than 300 authors provide a historical description of the beginnings and of the early and subsequent development of thinking about language and languages within the relevant historical context. The gradually emerging institutions concerned with the study, organisation, documentation, and distribution are considered as well as those dealing with the utilisation of language related knowledge. Special emphasis has been placed on related disciplines, such as rhetoric, the philosophy of language, cognitive psychology, logic and neurological science.

[The Art of Wealth](#) Sep 29 2019

Becoming rich or, better yet, wealthy requires a certain mind-set. Becoming wealthy is fairly straight

forward—theoretically. In

practice, there are hurdles that most of us don't even see.

These are the barriers to entry that allow many in society to claim that opportunity exists for all of us—but in reality are closed to most of us. The first thing in overcoming these barriers is to be able to learn how to see the barriers. Once you learn to see, you will be able to overcome. This book sets out in short stories and narratives the secrets to developing the mind-set of the wealthy. It will provide you with the tried and tested truths behind accumulating riches and wealth.
