Miracles We Have Seen Feb 21 2022 This is a book of miracles—medical events witnessed by leading physicians for which there is no reasonable medical explanation, or, if there is, the explanation itself is extraordinary. These dramatic first-person essays detail spectacular serendipities, impossible cures, breathtaking resuscitations, extraordinary awakenings, and recovery from unimaginable disasters. Still other essays give voice to cases in which the physical aspects were less dramatic than the emotional aspects, yet miraculous and transformational for everyone involved. Positive impacts left in the wake of even the gravest of tragedies, profound triumphs of heart and spirit. Preeminent physicians in many specialties, including deans and department heads on the faculties of the top university medical schools in the country describe, in everyday language and with moving testimony, their very personal reactions to these remarkable clinical experiences. Among the extraordinary cases poignantly recounted by the physicians witnessing them: A priest visiting a hospitalized patient went into cardiac arrest on the elevator, which opened up on the cardiac floor, right at the foot of the cardiac specialist, at just the right moment. A tiny premature baby dying from irreversible lung disease despite the most intensive care who recovered almost immediately after being taken from his hospital bed and placed on his mother's chest. President John F. Kennedy's son Patrick, who died shortly after birth, and whose disease eventually led to research that saved generations of babies. A nine-year-old boy who was decapitated in a horrific car accident but survived without neurological damage. A woman who conceived and delivered a healthy baby—despite having had both of her fallopian tubes surgically removed. A young man whose only hope for survival was a heart transplant, but just at the moment he developed a potentially fatal complication making a transplant impossible, his own heart began healing itself. A teenage girl near death after contracting full-blown rabies who became the first patient ever to recover from that disease after an unexpected visit by Timothy Dolan, the man who would go on to become the Archbishop of New York. A Manhattan window-washer who fell 47 stories—and not only became the only person ever to survive a fall from that height, but went on to make a full recovery. Miracles We Have Seen is a book of inspiration and optimism, and a compelling glimpse into the lives of physicians—their humanity and determined devotion to their patients and their patients' families. It reminds us that what we don't know or don't understand isn't necessarily cause for fear, and can even be reason for hope

The Forgetting River Jul 05 2020 The unexpected and moving story of an American journalist who works to uncover her family's long-buried Jewish ancestry in Spain. Raised a Catholic in California, New York Times journalist Doreen Carvajal is shocked when she discovers that her background may actually be connected to conversos in Inquisition-era Spain, Jews who were forced to renounce their faith and convert to Christianity or face torture and death. With vivid childhood memories of Sunday sermons, catechism, and the rosary, Carvajal travels to the south of Spain, to the centuries-old Andalusian town of Arcos de la Frontera, to investigate her lineage and recover her family's original religious heritage. In Arcos, Carvajal is struck by the white pueblo's ancient beauty and the difficulty she encounters in probing the town's own secret history of the Inquisition. She comes to realize that fear remains a legacy of the Inquisition along with the cryptic messages left by its victims. Back at her childhood home in California, Carvajal uncovers papers documenting a family of Carvajals who were burned at the stake in the 16th-century territory of Mexico. Could the author's family history be linked to the hidden history of Arcos? And could the unfortunate Carvajals have been her ancestors? As she strives to find proof that her family had been forced to convert to Christianity six-hundred years ago, Carvajal comes to understand that the past flows like a river through time—and that while the truth might be submerged, it is never truly lost.

Garden Of The Lost And Abandoned Sep 26 2019 The problem by most lights is overwhelming: at least 5,000 children live on the streets of Uganda's capital city of Kampala. Some forget the names of their villages. The youngest may not know the names of their parents. But Gladys Kalibbala—part journalist, part detective, part Good Samaritan—does not hesitate to dive into difficult or even dangerous situations to aid a child. Author of a newspaper column called "Lost and Abandoned," she is a resource that police and others turn to when they stumble across a stranded kid with a hidden history. Jessica Yu delivers an acutely observed story of this hardnosed and warmhearted woman, the children she helps, and the twists of fate they experience together. The subplot of Gladys's garden—her precarious dream of providing a home and livelihood for her vulnerable charges—adds fascinating depth. Garden of the Lost and Abandoned chronicles one woman's altruism, both ordinary and extraordinary, in a way that is impossible to forget, and impossible not to take to heart.

Have I Told You This Already? Mar 13 2021 From the beloved star of Gilmore Girls and the New York Times bestselling author of Talking as Fast as I Can comes a candid, insightful, and wildly entertaining essay collection about her years in show business, featuring stories that range from the sublime to the ridiculous. "Fast, furious, smart, and ridiculously funny."—Amy Sherman-Palladino, creator of Gilmore Girls, Bunheads, and The Marvelous Mrs. Maisel Lauren Graham has graced countless television screens with her quick-witted characters and hilarious talk show appearances, earning a reputation as a pop culture icon who always has something to say. In her latest book, Have I Told You This Already?, Graham combines her signature sense of humor with down-to-earth storytelling. Graham shares personal stories about her life and career—from her early days spent pounding the pavement while waitressing in New York City, to living on her aunt's couch during her first Los Angeles pilot season, to thoughts on aging gracefully in Hollywood. In "R.I.P. Barneys New York" Graham writes about an early job as a salesperson at the legendary department store (and the time she inadvertently shoplifted from it); in "Ryan Gosling Cannot Confirm," she attempts to navigate the unspoken rules of Hollywood hierarchies; in "Boobs of the '90s" she worries her bras haven't kept up with the times; and in "Actor-y Factory" she recounts what a day in the life of an actor looks like (unless you're Brad Pitt). Filled with surprising anecdotes, sage advice, and laugh-out-loud observations, these all-new, original essays showcase the winning charm and wry humor that have delighted Graham's millions of fans.

A Buffalo in the House Mar 01 2020 A buffalo in the house? Yes, a buffalo. More than a hundred years after her pioneer ancestors hand-raised two baby buffalo to help rescue the species from the brink of extinction, Veryl Goodnight and her husband, Roger Brooks, commit themselves to saving just one. When they welcome an orphaned baby buffalo into their Santa Fe home, they expect him to stay just until he's old enough to rejoin a herd. But Charlie becomes a big part of their family life—about two pounds bigger every day. Surrounded by people and dogs, Charlie has no idea he's a buffalo—and Roger has no idea how strong the bond between a middle-aged man and a buffalo can be. When Charlie's eventual introduction to a herd results in a terrible accident, Charlie's courage and Roger and Veryl's devotion are pushed to their limits. Contrasting the nineteenth-century killing of tens of millions of buffalo against our own environmental consciousness, this book asks the question: How far are you willing to go for an animal you love? A love story, a comedy, and a history of the American West, A Buffalo in the House packs a major emotional wallop and will be hard to forget. "More than a touching man-beast buddy tale . . . Rosen lovingly chronicles the history of an embattled species and its importance in the American West." —Entertainment Weekly "Riveting . . . From the story of one stray baby bison named Charlie . . . and the family that took him in, Rosen has drawn a sweeping history of the American frontier. . . . I can't remember when I've been instructed so gracefully, or entertained to such deep purpose." —Jane Kramer, The New Yorker "Powerful . . . [Charlie is] one of the most memorable characters in recent nature writing." —Publishers Weekly (starred review) "Moving

proof of the restorative powers of man's relationship with nature." -People "If you're mad for Marley, elated over Elsa the lion, [or] rowdy for Rascal . . . stampede out and get A Buffalo in the House." -Huron Daily Tribune

Brave Hearts: Extraordinary Stories of Pride, Pain, and Courage Oct 08 2020

Forgotten May 15 2021 "An utterly compelling account of the African Americans who played a crucial and dangerous role in the invasion of Europe. The story of their heroic duty is long overdue." -Tom Brokaw, author of The Greatest Generation The injustices of 1940s Jim Crow America are brought to life in this extraordinary blend of military and social history—a story that pays tribute to the valor of an all-Black battalion whose crucial contributions at D-Day have gone unrecognized to this day. In the early hours of June 6, 1944, the 320th Barrage Balloon Battalion, a unit of African-American soldiers, landed on the beaches of France. Their orders were to man a curtain of armed balloons meant to deter enemy aircraft. One member of the 320th would be nominated for the Medal of Honor, an award he would never receive. The nation's highest decoration was not given to Black soldiers in World War II. Drawing on newly uncovered military records and dozens of original interviews with surviving members of the 320th and their families, Linda Hervieux tells the story of these heroic men charged with an extraordinary mission, whose contributions to one of the most celebrated events in modern history have been overlooked. Members of the 320th—Wilson Monk, a jack-of-all-trades from Atlantic City; Henry Parham, the son of sharecroppers from rural Virginia; William Dabney, an eager 17-year-old from Roanoke, Virginia; Samuel Mattison, a charming romantic from Columbus, Ohio—and thousands of other African Americans were sent abroad to fight for liberties denied them at home. In England and Europe, these soldiers discovered freedom they had not known in a homeland that treated them as second-class citizens—experiences they carried back to America, fueling the budding civil rights movement. In telling the story of the 320th Barrage Balloon Battalion, Hervieux offers a vivid account of the tension between racial politics and national service in wartime America, and a moving narrative of human bravery and perseverance in the face of injustice.

The Woman Who Could Not Forget: Iris Chang Before and Beyond The Rape of Nanking Jul 29 2022 The poignant story of the life and death of world-famous author and historian Iris Chang, as told by her mother. Iris Chang's best-selling book *The Rape of Nanking* forever changed the way we view the Second World War in Asia. It all began with a photo of a river choked with the bodies of hundreds of Chinese civilians that shook Iris to her core. Who were these people? Why had this happened and how could their story have been lost to history? She could not shake that image from her head. She could not forget what she had seen. A few short years later, Chang revealed this "second Holocaust" to the world. The Japanese atrocities against the people of Nanking were so extreme that a Nazi party leader based in China actually petitioned Hitler to ask the Japanese government to stop the massacre. But who was this woman that single-handedly swept away years of silence, secrecy and shame? Her mother, Ying-Ying, provides an enlightened and nuanced look at her daughter, from Iris' home-made childhood newspaper, to her early years as a journalist and later, as a promising young historian, her struggles with her son's autism and her tragic suicide. *The Woman Who Could Not Forget* cements Iris' legacy as one of the most extraordinary minds of her generation and reveals the depth and beauty of the bond between a mother and daughter.

Forget You Had a Daughter Dec 10 2020 Forget You Had a Daughter is the extraordinary story of an ordinary British woman who made a mistake that changed the rest of her life. Sandra Gregory seemed to have the perfect life in Bangkok—until illness, unemployment and political unrest turned it into a nightmare. Desperate to get home by any means possible, she agreed to smuggle an addict's personal supply of heroin. She didn't even make it onto the plane. In this remarkably candid memoir, Sandra Gregory tells the full story of the events leading up to her arrest, the horrific conditions in Lard Yao prison, her trial in a language she didn't understand and how it feels to be sentenced to death. Sandra finally resumed her journey home some four and a half years later, when she was transferred to the British prison system and had to adapt to a new, yet equally harsh, regime. Following relentless campaigning by her parents—who refused to forget they had a daughter—she was pardoned by the King of Thailand and released in 2000.

The Forgotten Highlander Nov 08 2020 Alistair Urquhart was a soldier in the Gordon Highlanders, captured by the Japanese in Singapore. Forced into manual labor as a POW, he survived 750 days in the jungle working as a slave on the notorious "Death Railway" and building the Bridge on the River Kwai. Subsequently, he moved to work on a Japanese "hellship," his ship was torpedoed, and nearly everyone on board the ship died. Not Urquhart. After five days adrift on a raft in the South China Sea, he was rescued by a Japanese whaling ship. His luck would only get worse as he was taken to Japan and forced to work in a mine near Nagasaki. Two months later, he was just ten miles from ground zero when an atomic bomb was dropped on Nagasaki. In late August 1945, he was freed by the American Navy—a living skeleton—and had his first wash in three and a half years. This is the extraordinary story of a young man, conscripted at nineteen, who survived not just one, but three encounters with death, any of which should have probably killed him. Silent for over fifty years, this is Urquhart's inspirational tale in his own words. It is as moving as any memoir and as exciting as any great war movie.

Collaborative Remembering Dec 22 2021 We remember in social contexts. We reminisce about the past together, collaborate to remember shared experiences, and, even when we are alone, we remember in the context of our communities and cultures. Taking an interdisciplinary approach throughout, this text comprehensively covers collaborative remembering across the fields of developmental psychology, cognitive psychology, social psychology, discourse processing, philosophy, neuropsychology, design, and media studies. It highlights points of overlap and contrast across the many disciplinary perspectives and, with its sections on 'Approaches of Collaborative Remembering' and 'Applications of Collaborative Remembering', also connects basic and applied research. Written with late-stage undergraduates and early-stage graduates in mind, the book is also a valuable tool for memory specialists and academics in the fields of psychology, cognitive science and philosophy who are interested in collaborative memory research.

Beautiful Assassin Jul 25 2019 A breathtaking tale of love, loyalty, and intrigue set in the early days of World War II from the acclaimed New York Times Notable Book author of *Soul Catcher*, which USA Today hailed as "a marvelous historical novel" World War II threatens to engulf the globe. The beleaguered Soviets, struggling to hold back the rising German tide, face despair and defeat daily. Yet just as all seems lost, a fearless female sniper named Tat'yana Levchenko gains fame in the Battle of Sevastopol with her remarkable composure and stunning skill. Offering hope in her nation's darkest moments, she becomes a Soviet hero, and word of her beauty and prowess eventually reaches Washington, D.C. Soon, First Lady Eleanor Roosevelt invites Tat'yana to visit America and tour the country with her. For the Soviets, Tat'yana's newfound friendship with the wife of the most powerful man in the world is an opportunity to garner public support for a much-needed second front in the war—but it's also a chance to gather information about President Roosevelt's plans. Surrounded by those who would exploit her position, Tat'yana becomes a pawn in a battle for information, and she is forced to question the motivations of everyone she knows, including the American captain who has been assigned as her translator. But as quickly as she rises to fame, Tat'yana vanishes. Did she defect? Was she silenced—and if so, by whom? Decades later, a clever journalist will discover Tat'yana's story . . . and reveal the truth. In *Beautiful Assassin*, Michael White delivers a heartrending story of war, betrayal, and a mother's love that can never be extinguished. Lyrical, evocative, and powerfully moving, this is a tale you will not soon forget.

Meaning in Law: A Theory of Speech Sep 06 2020 Despite widespread admiration for the First Amendment's protection of speech, this iconic feature of American legal thought has never been adequately theorized. Existing theories of speech proceed on the basis of legal doctrine and judicial decisionmaking, social and political philosophy, or legal and intellectual history. But these are not the disciplines one would most naturally turn to in analyzing speech. *Meaning in Law: A Theory of Speech* takes a new and different approach. This book develops a general legal theory of speech on the basis of linguistic theory and the philosophy of language. The opening chapters retrace the main conceptual stages in the expression of meaning: from natural meaning, through symbolism, to signification. Later chapters analyze symbolic speech (communication by nonlinguistic means) as the key to developing an intention-based theory of speech. The essential elements of the theory are (1) nonnatural meaning, (2) the signaling of intent, (3) the recognition of intent, and (4) establishing a convention. A final chapter applies these insights to the case law of symbolic speech and resolves some basic confusions in the legal literature. This analysis proceeds by way of an original distinction between actual conduct (in the real world) and the "ideal conduct" described in a statute. The former may be described both as communicative and noncommunicative, while the latter has already been conceptualized as either communicative or noncommunicative. This distinction clears up a major legal quandary: how conduct that counts as communication may nevertheless be regulated or prohibited, without running afoul of the First Amendment's protection of speech.

Never Forget Aug 30 2022 Six moving World War II stories. Told by the people who lived them. New Zealand writer Jo Bailey has combined extensive interviews with the use of wartime diaries and written memoir to create six compelling, first person accounts of war. They include a boy who grew up in Japanese-occupied Dutch East Indies (Indonesia), a New Zealand soldier in the 2nd New Zealand Divisional Cavalry, a young girl whose father was a key figure in the Resistance in German-occupied Rotterdam, a navigator who flew with Churchill's top secret RAF squadron flying agents and equipment behind enemy lines, a boy who grew up in the wartime slums of Newcastle-upon-Tyne and was later sent to Australia as a child migrant, and six Polish orphans who miraculously survived the loss of their parents and terrible conditions in forced labour camps in Siberia and Uzbekistan before arriving in New Zealand as 'Pahiatua Children' evacuees.

Blank Canvas Aug 25 2019 When Marcy Gregg awoke from a coma, 13 years had vanished from her memory. She was 30 years old; she thought she was still 17. She didn't recognize the man who introduced himself as her husband. She stared at pictures of the three children they said were hers, trying desperately to remember them, but her mind was blank. Terrified and confused, Marcy did the only thing she could think of:

she faked it. She told the doctors she was starting to remember and bluffed her way through visits from friends and family. Against all odds, it worked: she was released to a home, family, and life she should have known intimately—but seemed to be a stranger's. How was she going to pull off the biggest acting challenge imaginable—and would her memories ever return? Ghost Boy meets What Alice Forgot in this amazing true story of a woman who lost herself and tried to fight her way back on her own—but who found unexpected beauty in hope, faith, and second chances.

We Must Not Forget: Holocaust Stories of Survival and Resistance (Scholastic Focus) Apr 25 2022 Sibert Honor author Deborah Hopkinson unearths the heroic stories of Jewish survivors from different countries so that we may never forget the past. As World War II raged, millions of young Jewish people were caught up in the horrors of the Nazis' Final Solution. Many readers know of Adolf Hitler and the Nazi state's genocidal campaign against European Jews and others of so-called "inferior" races. Yet so many of the individual stories remain buried in time. Of those who endured the Holocaust, some were caught by the Nazis and sent to concentration camps, some hid right under Hitler's nose, some were separated from their parents, some chose to fight back. Against all odds, some survived. They all have stories that must be told. They all have stories we must keep safe in our collective memory. In this thoroughly researched and passionately written narrative nonfiction for upper middle-grade readers, critically acclaimed author Deborah Hopkinson allows the voices of Holocaust survivors to live on the page, recalling their persecution, survival, and resistance. Focusing on testimonies from across Germany, the Netherlands, France, and Poland, Hopkinson paints a moving and diverse portrait of the Jewish youth experience in Europe under the shadow of the Third Reich. With archival images and myriad interviews, this compelling and beautifully told addition to Holocaust history not only honors the courage of the victims, but calls young readers to action -- by reminding them that heroism begins with the ordinary, everyday feat of showing compassion toward our fellow citizens.

Victorian Fantasy Dec 30 2019 Far from being just children's literature, Victorian Fantasy is an art form that flourished in opposition to the repressive social and intellectual conditions of Victorianism. In this fully revised and expanded edition, Stephen Prickett explores the way in which Victorian writers used non-realistic techniques--nonsense, dreams, visions, and the creation of other worlds--to extend our understanding of this world. In particular, Prickett focuses on six writers (Lear, Carroll, Kingsley, MacDonald, Kipling, and Nesbit), tracing the development of their art form, their influences on each other, and how these writers used fantasy to question the ideology of Victorian culture and society.

The Extraordinary Story of Human Origins Jan 29 2020 How can we know about the lives of our ancestors who lived 30,000, or 300,000, or 3 million years ago? In *The Extraordinary Story of Human Origins*, Piero and Alberto Angela address the many difficulties and challenges that scientists face in assembling the record of human evolution. To piece together the intriguing puzzle of human origins it is necessary to study all clues that are made available by multidisciplinary research, including paleontology, biochemistry, geology, genetics, physics, and climatology. Like so many Sherlock Holmeses, researchers seek all possible clues and analyze them meticulously in hopes of being able to reconstruct the past. These pieces are few and fragmentary, ranging from the footprints left in volcanic ash 3.7 million years ago by hominids who walked exactly as we do, to a "Y" pattern on molars and mitochondrial DNA. But they all provide information on the diet, diseases, hunting techniques, and art of *Australopithecus*, *Homo habilis*, *Homo erectus*, the Neanderthal, and the first *Homo sapiens sapiens*. Written in an accessible but authoritative style, this study includes many lively reconstructions of the everyday life of our earliest ancestors based on the most reliable data. *The Extraordinary Story of Human Origins* makes available to a wide audience a unique look inside the exciting world of research into the beginnings of human life on earth.

Trial of John Jasper, Lay Precentor of Cloisterham Cathedral in the County of Kent, for the Murder of Edwin Drood, Engineer Sep 18 2021 Charles Dickens' "The Mystery of Edwin Drood" famously ends without revealing the killer. This book is a record of a mock trial conducted by G.K. Chesterton and several friends in an attempt to find a resolution to Dickens' story.

The Decroux Sourcebook May 03 2020 The Decroux Sourcebook is the first point of reference for any student of the 'hidden master' of twentieth century theatre. This book collates a wealth of key material on Etienne Decroux, including: an English translation of Patrice Pezins' 'Imaginary Interview', in which Decroux discusses mime's place in the theatre. previously unpublished articles by Decroux from France's Bibliothèque Nationale. essays from Decroux's fellow innovators Eugenio Barba and Edward Gordon Craig, explaining the synthesis of theory and practice in his work. Etienne Decroux's pioneering work in physical theatre is here richly illustrated not only by a library of source material, but also with a gallery of images following his life, work and influences. The Decroux Sourcebook is an ideal companion to Thomas Leabhart's Etienne Decroux in the Routledge Performance Practitioners series, offering key primary and secondary resources to those conducting research at all levels.

Reclaiming the Canon Nov 20 2021 Herman Sinaiko is renowned for his gifts as a guide to exploring and appreciating the humanities. This book brings to general readers Sinaiko's thoughts on, and invitations to read or reread, a wide selection of major literary and philosophical works—from ancient Greek to Chinese to modern. Taking a conversational approach, he deals with the perennial questions that thinking people have always raised, and investigates how works of great art may provide answers to these questions. Sinaiko reestablishes the notion that there is a canon of great works from the great traditions of the world and argues for the existence of permanent standards of excellence. He rejects most contemporary critical views of classical literature and philosophy, including those of "experts" who seek to monopolize access to great works, academics whose extreme emphasis on historical context disallows any current relevance, and theorists whose lenses distort with personal bias rather than sharpening focus on the works they discuss. Sinaiko reclaims the canon for all of us, opening up discussion on texts ranging from Plato to Tolstoy, Confucius to Mary Shelley, and encouraging each reader to listen and respond to the rich diversity of powerful views on the human condition that such great works offer.

Return to Life Oct 27 2019 Investigates cases of children remembering past lives, including a boy who describes a previous life on a small island, and a boy who finds his past self in a photograph from the 1930s.

Before I Forget Oct 20 2021 "A powerful portrait of Alzheimer's...marked by strong emotions and often bleak honesty." —The Washington Post "The vulnerability, courage, and honesty in *Before I Forget* are heart-opening. Fear can be paralyzing, yet B. and Dan beautifully demonstrate that there is a different way to approach this stealthy invader. Alzheimer's needs to come out of the shadows, and this book is an important step." —Maria Shriver Restaurateur, magazine publisher, celebrity chef, and nationally known lifestyle maven, B. Smith is struggling at 66 with a tag she never expected to add to that string: Alzheimer's patient. She's not alone. Every 67 seconds someone newly develops it, and millions of lives are affected by its aftershocks. B. and her husband, Dan, working with Vanity Fair contributing editor Michael Shnayerson, unstintingly share their unfolding story. Crafted in short chapters that interweave their narrative with practical and helpful advice, readers learn about dealing with Alzheimer's day-to-day challenges: the family realities and tensions, ways of coping, coming research that may tip the scale, as well as lessons learned along the way. At its heart, *Before I Forget* is a love story: illuminating a love of family, life, and hope.

Forgotten Patriots Jun 03 2020 Between 1775 and 1783, some 200,000 Americans took up arms against the British Crown. Just over 6,800 of those men died in battle. About 25,000 became prisoners of war, most of them confined in New York City under conditions so atrocious that they perished by the thousands. Evidence suggests that at least 17,500 Americans may have died in these prisons—more than twice the number to die on the battlefield. It was in New York, not Boston or Philadelphia, where most Americans gave their lives for the cause of independence. New York City became the jailhouse of the American Revolution because it was the principal base of the Crown's military operations. Beginning with the bumper crop of American captives taken during the 1776 invasion of New York, captured Americans were stuffed into a hastily assembled collection of public buildings, sugar houses, and prison ships. The prisoners were shockingly overcrowded and chronically underfed—those who escaped alive told of comrades so hungry they ate their own clothes and shoes. Despite the extraordinary number of lives lost, *Forgotten Patriots* is the first-ever account of what took place in these hell-holes. The result is a unique perspective on the Revolutionary War as well as a sobering commentary on how Americans have remembered our struggle for independence—and how much we have forgotten.

Trial of John Jasper for the Murder of Edwin Drood Aug 18 2021

Extraordinary Encounters Aug 06 2020 Given the anthropological focus on ethnography as a kind of deep immersion, the interview poses theoretical and methodological challenges for the discipline. This volume explores those challenges and argues that the interview should be seen as a special, productive site of ethnographic encounter, a site of a very particular and important kind of knowing. In a range of social contexts and cultural settings, contributors show how the interview is experienced and imagined as a kind of space within which personal, biographic and social cues and norms can be explored and interrogated. The interview possesses its own authenticity, therefore—true to the persons involved and true to their moment of interaction—whilst at the same time providing information on human capacities and proclivities that is generalizable beyond particular social and cultural contexts.

Fire and Forget May 27 2022 *Fire and Forget* includes the title story from *Redeployment* by Phil Klay, 2014 National Book Award Winner in

Fiction These stories aren't pretty and they aren't for the faint of heart. They are realistic, haunting and shocking. And they are all unforgettable. Television reports, movies, newspapers and blogs about the wars in Iraq and Afghanistan have offered images of the fighting there. But this collection offers voices -- powerful voices, telling the kind of truth that only fiction can offer. What makes the collection so remarkable is that all of these stories are written by those who were there, or waited for them at home. The anthology, which features a Foreword by National Book Award winner Colum McCann, includes the best voices of the wars' generation: award-winning author Phil Klay's "Redeployment" Brian Turner, whose poem "Hurt Locker" was the movie's inspiration; Colby Buzzell, whose book *My War* resonates with countless veterans; Siobhan Fallon, whose book *You Know When the Men Are Gone* echoes the joy and pain of the spouses left behind; Matt Gallagher, whose book *Kaboom* captures the hilarity and horror of the modern military experience; and ten others.

We Refuse to Forget Jan 23 2022 "An important part of American history told with a clear-eyed and forceful brilliance." -National Book Award winner Jacqueline Woodson "We Refuse to Forget reminds readers, on damn near every page, that we are collectively experiencing a brilliance we've seldom seen or imagined. We Refuse to Forget is a new standard in book-making." -Kiese Laymon, author of the bestselling *Heavy: An American Memoir* A landmark work of untold American history that reshapes our understanding of identity, race, and belonging In *We Refuse to Forget*, award-winning journalist Caleb Gayle tells the extraordinary story of the Creek Nation, a Native tribe that two centuries ago both owned slaves and accepted Black people as full citizens. Thanks to the efforts of Creek leaders like Cow Tom, a Black Creek citizen who rose to become chief, the U.S. government recognized Creek citizenship in 1866 for its Black members. Yet this equality was shredded in the 1970s when tribal leaders revoked the citizenship of Black Creeks, even those who could trace their history back generations—even to Cow Tom himself. Why did this happen? How was the U.S. government involved? And what are Cow Tom's descendants and other Black Creeks doing to regain their citizenship? These are some of the questions that Gayle explores in this provocative examination of racial and ethnic identity. By delving into the history and interviewing Black Creeks who are fighting to have their citizenship reinstated, he lays bare the racism and greed at the heart of this story. *We Refuse to Forget* is an eye-opening account that challenges our preconceptions of identity as it shines new light on the long shadows of white supremacy and marginalization that continue to hamper progress for Black Americans.

Forgotten Ellis Island Sep 30 2022 A century ago, in the shadow of the Statue of Liberty, one of the world's greatest public hospitals was built. Massive and modern, the hospital's twenty-two state-of-the-art buildings were crammed onto two small islands, man-made from the rock and dirt excavated during the building of the New York subway. As America's first line of defense against immigrant-borne disease, the hospital was where the germs of the world converged. The Ellis Island hospital was at once welcoming and foreboding—a fateful crossroad for hundreds of thousands of hopeful immigrants. Those nursed to health were allowed entry to America. Those deemed feeble of body or mind were deported. Three short decades after it opened, the Ellis Island hospital was all but abandoned. As America after World War I began shutting its border to all but a favored few, the hospital fell into disuse and decay, its medical wards left open only to the salt air of the New York Harbor. With many never-before-published photographs and compelling, sometimes heartbreaking stories of patients (a few of whom are still alive today) and medical staff, *Forgotten Ellis Island* is the first book about this extraordinary institution. It is a powerful tribute to the best and worst of America's dealings with its new citizens-to-be.

Island on Fire Jun 27 2022 Laki is Iceland's largest volcano. Its eruption in 1783 is one of history's great, untold natural disasters. Spewing out sun-blocking ash and then a poisonous fog for eight long months, the effects of the eruption lingered across the world for years. It caused the deaths of people as far away as the Nile and created catastrophic conditions throughout Europe. *Island on Fire* is the story not only of a single eruption but the people whose lives it changed, the dawn of modern volcanology, as well as the history—and potential—of other super-volcanoes like Laki around the world. And perhaps most pertinently, in the wake of the eruption of another Icelandic volcano, Eyjafjallajökull, which closed European air space in 2010, acclaimed science writers Witze and Kanipe look at what might transpire should Laki erupt again in our lifetime.

Not Forgotten Jun 23 2019 A truly remarkable account, *Not Forgotten* traces the growth of one family from a small Irish town to a wide network stretching across the globe.

The Woman Who Can't Forget Nov 01 2022 Describes the author's efforts to come to terms with abilities that cause her to remember events and details with complete recall, in a memoir that also relates her participation in extensive scientific studies.

The One Year Book of Amazing Stories Apr 13 2021 ECPA 2020 Christian Book Award Finalist! You wouldn't believe it, but . . . James Earl Jones, the voice of Darth Vader, grew up mute. Michael Jordan was cut from his high school basketball team. Albert Einstein was bullied mercilessly in school. Beethoven's mom almost aborted him. Life takes the strangest sharp turns—and sometimes, U-turns. Robert Petterson—popular speaker, storyteller, and author—has been a student for his entire life of what God is teaching us through those real-life U-turns. In this book, he compiles 365 amazing stories that teach lessons you won't easily forget. Each entry is written in the rest-of-the-story style popularized by Paul Harvey. With *The One Year Book of Amazing Stories*, you'll marvel at how God has used the lives of these ordinary people to change the course of human history.

Forget This Ever Happened Jan 11 2021 Sometimes there's a town called Indianola. And sometimes there isn't. A New York Public Library Best Book of the Year June, 1993. Claire has been dumped in rural Indianola, Texas, to spend her whole vacation taking care of mean, sickly Grammy. There's nothing too remarkable about Indianola: it's run-down, shabby, and sweltering, a pin-dot on the Gulf Coast. Except there is something remarkable. Memories shimmer and change. Lizards whisper riddles under the pecan trees. People disappear as if they never existed. Yesterday keeps coming unspooled, like a video tape. And worst of all, a red-lightning storm from beyond our world may just wipe the whole town off the map, if Claire and her maybe-girlfriend Julie can't stop it. Because reality doesn't apply in Indianola. Indianola is not supposed to exist. Surprising, brilliant, and, like, totally tight, *Forget This Ever Happened* is speculative horror at its finest, featuring a queer romance from a Pushcart Prize-nominated queer author and dark, dazzling world-building.

Shadow of the Titanic Nov 28 2019 IN the early morning hours of April 15, 1912, the icy waters of the North Atlantic reverberated with the desperate screams of more than 1,500 men, women, and children—passengers of the once majestic liner Titanic. Then, as the ship sank to the ocean floor and the passengers slowly died from hypothermia, an even more awful silence settled over the sea. The sights and sounds of that night would haunt each of the vessel's 705 survivors for the rest of their days. Although we think we know the story of Titanic—the famously luxurious and supposedly unsinkable ship that struck an iceberg on its maiden voyage from Britain to America—very little has been written about what happened to the survivors after the tragedy. How did they cope in the aftermath of this horrific event? How did they come to remember that night, a disaster that has been likened to the destruction of a small town? Drawing on a wealth of previously unpublished letters, memoirs, and diaries as well as interviews with survivors' family members, award-winning journalist and author Andrew Wilson reveals how some used their experience to propel themselves on to fame, while others were so racked with guilt they spent the rest of their lives under the Titanic's shadow. Some reputations were destroyed, and some survivors were so psychologically damaged that they took their own lives in the years that followed. Andrew Wilson brings to life the colorful voices of many of those who lived to tell the tale, from famous survivors like Madeleine Astor (who became a bride, a widow, an heiress, and a mother all within a year), Lady Duff Gordon, and White Star Line chairman J. Bruce Ismay, to lesser known second- and third-class passengers such as the Navratil brothers—who were traveling under assumed names because they were being abducted by their father. Today, one hundred years after that fateful voyage, *Shadow of the Titanic* adds an important new dimension to our understanding of this enduringly fascinating story.
